謠

撇豎如線繫兩個圓，  
前後追隨師徒情緣，  
橫線起點如初哀，  
腳印周遊列國十八載，  
巾朝下過線回來處，  
仁君未遇啟講學，  
矢志不移  
最初也是最終。

A slope and a line form the thread  
on where two rings are tied.  
One leads one follows, master and disciple  
their bond holds tight.  
Upon the horizon where the vow was taken  
thus never will be broken.  
For eighteen years, footprints were left  
in every nation and every where.  
Down foot to go beyond the line  
thus complete a great circle to return to the root.  
Became a teacher for his talent was left to rust  
thus underachieving in his time.  
To hold the unwavering commitment,  
the start is also the end.
